DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

REASONS FOR ALLOWANCE

2. Claims 1-5 are allowed.

The following is an examiner's statement of reasons for allowance:

- With regard to independent claim 1; as the closest reference of record, Omori et al (US 2004/0208093) discloses a recording medium driver, comprising: a tray housing a disc recording medium; and a recording/reproducing mechanism including a pickup mechanism provided in the tray and irradiating light on the disc recording medium, a pickup feed mechanism moving the pickup mechanism, and a flat cover having an opening cut along a feeding direction of the pickup mechanism; **but fails to show** that the flat cover is supported elastically in a direction toward and away from the tray, a recessed portion allowing the flat cover to move in the direction toward and away from the tray is formed, and a cover deformation restrictor is provided on at least one of the recessed portion and the flat cover to restrict deformation of the flat cover and prevent the flat cover from contacting to the disc recording medium upon dropping impact.
- Applicant declares; the present invention is to provide a recording medium driver that decreases the thickness of the driver and prevents a

Art Unit: 2627

disc recording medium housed in the driver from being damaged when the driver is dropped (Specification, pp. 2-3).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. The prior art made of record in PTO-892 form and not relied upon is considered pertinent to applicant's disclosure.
